PROFESSIONAL SUMMARY

Tech Mahindra – Hyderabad **July 2025 – July 2026**

Associate Analyst | Client: Parker Hannifin |

Analyst with 1+ years of experience in enterprise data analysis, reporting, business intelligence, supply chain analytics, and workflow automation. Skilled in SQL, Python, Power BI, Power Query, Advanced Excel, data visualization, KPI reporting, ETL concepts, and dashboard development. Experienced in transforming raw business data into actionable insights while improving operational efficiency through automation and analytics.

PROFESSIONAL EXPERIENCE

Tech Mahindra – Hyderabad **July 2025 – July 2026**

Associate Analyst | Client: Parker Hannifin |

- Analyzed enterprise supply chain and order management data to support daily business operations and ensure accurate reporting.
- Extracted, cleaned, validated, transformed, and preprocessed data using SQL, Python, and Excel.
- Developed interactive Power BI dashboards and KPI reports to monitor operational performance and deliver actionable business insights.
- Collaborated with stakeholders using Salesforce, IBM Sterling B2B Integrator, Jira, and Excel to manage order processing and track workflows.

SKILLS

- **Programming:** Python, SQL
- **Data Analysis:** Pandas, NumPy, Matplotlib, Scikit-learn
- **Business Intelligence:** Power BI, Power Query, DAX, Advanced Excel, KPI Reporting
- **Enterprise Tools:** IBM Sterling B2B Integrator, Salesforce, Jira, Git, GitHub.

PROJECTS

Physio AI (AI-powered Physical Therapy Exercise Classification System) | Links: Live Demo | GitHub |

Technologies: Python | Flask | Scikit-learn | SQLite | Report Lab | Guni corn | Render | Machine Learning.

- Developed a Flask-based machine learning web application to classify exercises using a trained model.
- Implemented prediction history with SQLite and automated PDF report generation using Report Lab.
- Designed a responsive dashboard with Bootstrap and deployed the application on Render using Guni corn.
- Integrated data preprocessing, model inference, confidence scoring, and analytics into an end-to-end ML workflow.

Personal Portfolio Website | Live Demo | GitHub

Technologies: Next.js | React | TypeScript | Tailwind CSS | JavaScript | Vercel.

- Developed a responsive portfolio website using Next.js, React, and Tailwind CSS.
- Implemented animated text, character animations, and interactive UI components.
- Integrated GitHub, LinkedIn, email, and resume links.
- Designed a dark-themed interface with neon particle effects and responsive layouts.

Smart Inbound Order Automation (Non-EDI PO → SO)

Technologies: Python | OCR | Workflow Automation |

- Designed an automated workflow for processing inbound purchase orders.
- Developed OCR-based data extraction and validation modules.
- Implemented structured exception handling and audit logging.
- Improved operational efficiency by reducing manual order processing efforts.
- Applied workflow design, documentation, and data validation best practices.

EDUCATION

B.Tech – Computer Science Engineering (Data Science)
Vaagdevi College of Engineering – Warangal
2021 – 2025
CGPA: 7.15/10

Intermediate – (MPC)
Aditya Junioe College – Adilabad
2019 – 2021

SSC
Gowtham Model School – Adilabad
2018 – 2019

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 – AI Foundations Associate
- Oracle Cloud Infrastructure 2025 – Foundations Associate
- Alteryx Designer Core Certification
- Alteryx Foundation Certification
- Advanced Excel for Data Analysis – Udemy
